[Better Compliance Management for Government Contractors - AXIM]

tub You

AXIM Summary:

AXIM Fringe Solutions Group, LLC is a SDVOSB contractor specializing in Service Contract Act, Davis Bacon Act, ATSA, and state prevailing wage compliance, benefits, and retirement services.

AXIM offers a technology-based model that lowers overhead and G&A to improve contract profitability and operating efficiency. AXIM's business model removes the internal cost and liability of managing DOL compliance and benefits administration in-house. AXIM is also the only TPA that guarantees their DOL compliance for accuracy in accordance with all DOL regulations, and our service fees are eligible for SDVOSB, VOSB, or SB set-aside credits.

1. Compliance and Benefits Technology
    a. AXIM's FringeSecure compliance portal has API integration with all major payroll systems and Benefits Administration platforms, allowing for a 360 view of employee compliance and benefits.
    b. AXIM utilizes Ease, a fully integrated BenAdmin system, with ACA filing, and open enrollment support.

2. DOL Compliance Management
    a. Guaranteed prevailing wage (DBA, SCA, ATSA, and state prevailing wage) compliance, audit support, and customized reporting based on the client's needs and contract requirements

3. Benefits Consulting

a. Benefit plans designed specifically for government contractors, including AXIM's proprietary voluntary and self-funded benefit platforms.
b. Full transparency of all commissions and related fees.

4. Profitability
    a. Lower overhead and G&A to increase contract profitability and lower wrap rates for better bids.
    b. As a SDVOSB contractor, AXIM provides SDVOSB, VOSB, and SB set-aside credits.

Better Compliance Management for Government Contractors - AXIM

**Maximize Your Fringe Spend**

We see countless contractors looking to grow in the space, adding contracts and employees at a high rate to offset the low margins. Not only does this multiply their DOL risk and overhead associated with the contract, but they have no

counterbalance to this increased liability and workload. Partnering with AXIM offsets both (taking full liability in the event of a DOL audit) using only fringe dollars.

## Guaranteed Compliance

Guaranteed compliance with full DOL audit support and 24/7 access to fringe/benefit information for both employees and employers.

## Reduce GA And Overhead

Our fees for compliance and benefits administration can be deducted directly from the fringe dollars.

### Bidding Advantages

As a Service-Disabled Veteran-Owned Small Business (SDVOSB) AXIM can fulfill set-aside credit requirements.

### Premium Benefits

Our Contractors Choice Plan offers better benefits that protect workers and their families- all paid for with fringe dollars.

### Just Like You, We Are A Government Contractor

Our entire business model was designed with compliance and profitability in mind. AXIM is a Service Disabled Veteran Owned Small Business

(SDVOSB) which gives us a unique insight into government contracting that our competitors simply cannot understand.

**We Are Not A Vendor**
**Or A Broker**

We are a strategic partner. The difference is our model is not to sell you a product, our revenue comes from helping our partners exceed their "small business goals" while adding value to their benefits, and profits to their bottom line. Essentially, we succeed when you succeed.
