ZERO DOLLAR RETAINERS

## HERE'S HOW IT WORKS:

*Every cleared facility requires an insider threat plan. Most non-cleared companies wish they had one when a salesperson leaves with their contact list.*

- *Create the contract up front, with no money involved.*
- *When you need us, engage.*
- *The contracting is already taken care of.*

*It's that simple.*

### INSIDER THREAT

Call us when you need us. We'll send you and installer, and provide support. We monitor your subject on a month to month basis. Starts at $65 per monhth per device.

### INCIDENT RESPONSE

We're here when you need us. Our team of former large enterprise Virtual CISOs are experienced in everything from Ransomware to APT.

### HEADING OVERSEAS?

Try one of our anonymized Burner Phones, complete with accounts, and protected VOIP calling. Use them as you need them, or we can build and maintain phones for long term use.
