

# Large Business Plan

## Expand your small business discovery and pipeline

### Receive matched opportunities and expiring contracts every morning

- Matched teammates per opportunity or contract
- Largest central repository of federal contractors, contracts, and opportunities

### Automate your small business sourcing and B2B communications with AutoConnect

- Build strong teams in under 24 hours
- Easily source new qualified small businesses and manage current connections
- Qualify, track, and communicate with potential partners

### Organize your federal contracting effort using Pipeline Management

- Track potential work opportunities and stay organized company-wide
- Analyze your federal contracting success

### Unlimited company searches and vetting

- View a rolling 5 years of federal work history

**Immediately expand and streamline your business development effort, allowing your company to grow more predictably.**
